

A Single Point Solution.....

About EHS Services

Contact Us: ehss.inquiry@gmail.com

966750-7017

Company Background & Profile:

➤ About Us

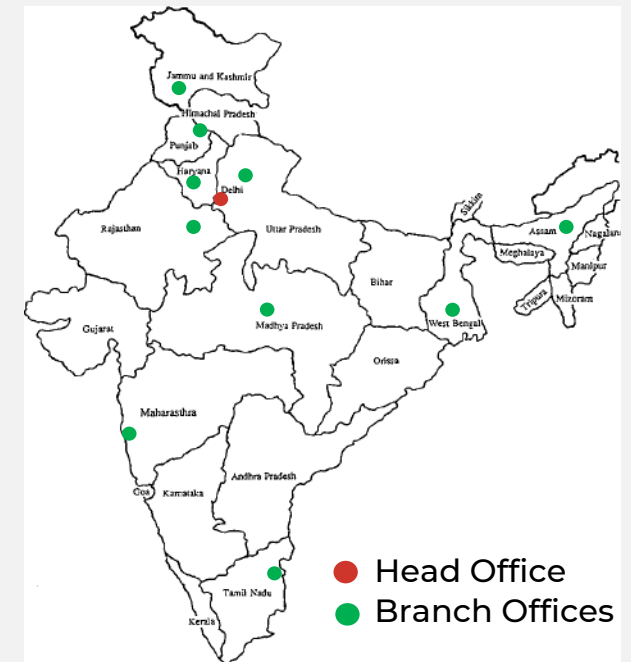

EHS Services is an **advisory body** with three decade's educational and industrial experience on Environment, Health & Safety systems, by which we offers you single window solutions from our highly qualified team* members & associates have a wealth of experience in their chosen disciplines.

➤ Our Goal

EHSs goal is to **provide services to make environment better**. We belief in combining your trust with our endeavors of providing good quality service, will surely go a long way together and help to create an eco friendly, healthy & safe work environment.

➤ Vision & Philosophy

To constantly introduce and invent revolutionary concepts in the field of Environment, Health & Safety Services where people can make their life better without hurting environment. The Company's philosophy focuses on the end user experience through feedback, constant innovation, teamwork, and integrity.

Recognitions:

EHS Services has been selected by Silicon India for the **Top 10 promising work places** in India of the year 2022 in the field of Environment, health & Safety.

10 MOST PROMISING WORKPLACE HEALTH & SAFETY MANAGEMENT SERVICES – 2022

Company	Management	Description
ASK EHS Bangalore ask.ehs.com	JK Anand, Founder & Director	Catering quality and state-of-the-art services in the field of environment, health & safety to the emerging construction projects and operation industries in India & abroad
East Corp Thane eastcorpgroup.com	Hemant Khadse, CEO	A professional consulting company which provides effective solutions, while developing strategies to improve fire & life safety (FLS) for every kind of occupancy
EHS Services Ghaziabad ehsservices.co.in	Priyank Arya, Founder & Director	Works with a vision to constantly introduce and invent revolutionary concepts in the field of Environment, Health & Safety Services so as to help people
Ndtse Services Aurangabad ndtse.com	Milind Sangavkar, Managing Director	Provides an wide range of technical and statutory services complying under different Industrial Acts, and differentiated itself from its competitors by becoming a one-stop solution provider

EHS Services: Providing Single Window Solutions to Make Environment Better

Irrespective type of the industries, EHS Management System is one of the essential part for any of sustainable organization. With industrial safety being a key aspect for a business, EHS is a mandate and statutory requirement to run it in a safe and healthy fashion and to ensure how much your Plant-People-Production are safe and healthy. Set up in early 2021, EHS Services (EHSS) is an advisory & consulting body established by Dr. Priyank Arya. Having more than three decade's educational and industrial experience in Environment, Health & Safety systems, with EHS Services, Dr. Priyank Arya strives to offer single window solutions through highly qualified team members & associates have a wealth of experience in their chosen disciplines.

EHSS works with a vision to constantly introduce and invent revolutionary concepts in the field of Environment, Health & Safety Services so as to help people can make their life better without hurting environment. "We are working towards a mission to provide services that can help make environment better. Our philosophy focuses on the end user experience through feedback, constant innovation, teamwork, and integrity. With EHS Services, we believe in combining your trust with our endeavours of providing good quality services, which will surely go a long way together and help in creating an eco-friendly, healthy & safe work environment", speaks Dr. Arya, Founder Director.

Some of the key offerings of EHSS include Industrial Sustainability, Environment Compliances, Industrial Waste Management, Plastic & E-Waste Compliances, Ground Water Compliances, EHS Statutory & Legal Liaisoning, Industrial Safety Services, EHS Audits including Training & Awareness, Skilled EHS Workforce employment and EHSS Newsletter meeting all type industrial sectors.

EHS Service brings over three decades multi-sector rich industrial experience with a key tag line - "A Single Point Solution". "We are enough capable to provide all services falls under Industrial Environment & Safety Compliances starting from advisory & consultancy till execution of the project at site. Our team is research oriented and having vast industrial experience as well. We know key pain areas of the industries. Therefore, we offered solutions more practical instead theoretical", adds Dr. Arya.

From providing all Industrial Environment, Health and Safety compliances including advising and consulting on projects by providing Single Window Solution to all interested parties/associates to ensuring End to End Solution, Hassle Free Services, Fast and Accurate assistance, and more positive factors give EHS Services an edge over its competitors. To add to this, the firm is also brining new services as it continues to grow. Recently, the firm has also have introduced "EHS Newsletter Services" to give a fresh overlook about EHS legislations along with their interpretation in most simple language for better understanding and implementation at ground.

EHS Service brings over three decades multi-sector rich industrial experience with a key tag line - 'A Single Point Solution'

Having worked with brands like, M/s. Tata Power, M/s. Hindustan Unilever M/s. Adani Wilmar, M/s. Future Group, M/s. Arti Industries, M/s. Asian Paints, M/s. Procter & Gamble, M/s. Accenture, M/s. Jaipuria Group, M/s. Perfetti Van Melle, M/s. Bikanervala, M/s. Enumia Consulting UK, M/s. Srikalahasti Pipes Ltd., M/s. BL Agro, M/s. PNC Infra-tech, M/s. Mohan Meakins, M/s. GPS Enviro, M/s. Pioneer Industries Pvt. Ltd., M/s. Tekni Plex, M/s. Tata, M/s. Dalmia Bharat Cement Ltd., M/s. JCB India and many more, EHS Services is on the right path to success.

Moving on, EHSS aim is to support & capacity building to the New Generation/Fresh Students who really want to build their carrier in the discipline of EHS. "We believed that MSME's need more focus and support on different EHS Matters as they are less resourceful in this regard, and with EHS Services, we are here to bridge this gap", signs off Dr. Priyank Arya.

Our USP:

EHS Services USP is **providing** all Industrial Environment, Health and Safety compliances including advising and consulting on projects by providing Single Window Solution to all interested parties/associates.

Our **aim** is to support & capacity building to the New Generation/Fresh Students who really want to build their carrier in the discipline of EHS.

We **believed** that MSME's need more focus and support on different EHS Matters be's they are less resourceful in this regard.

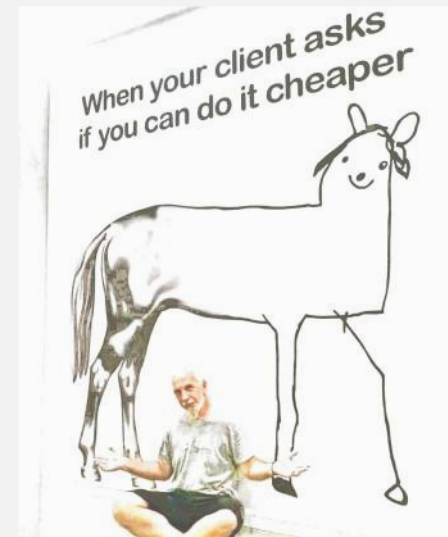

We are **Young** but **Trustful**
We are **Fast** but **Accurate**
We are **Expensive** but **No Shortcuts.**

We provide **End to End Solution.**

We ensure **Hassle Free Services.**

We **Never Mislead** to the clients.

We maintain **Transparency & Confidentiality.**

EHSS Team:

EHS Services is founded by Dr. Priyank Arya as proprietorship under the guidance and support of group of professionals who served industries in past as per their capacities.

All of them came forward under the banner of EHS Services and acknowledge leadership of Dr Arya.

Today total **14 nos.** full time and 06 nos. are on advisor role are working for EHS Services

Dr. Priyank Arya
An EHS Expert

Dr. Arya is M.Sc. & Ph.D. in Env. Science, Dip. In Ind. Safety. He is Founder & Director of **EHS Services**. He is an EHS - Sustainability Professional having +21 Year's multi sectors Ind. experience on CSR, GHG, Statutory compliances, Industrial Safety, Industrial Waste Management & ZLD. His last work was with Dabur India Ltd. as Corp. Head EHS.

Dr. Janardhan Anna Gore
A Scientist

Dr. Gore is M.Sc. & Ph.D. in Microbiology with specialization studies on Microbiology of Biogas Plant. He is expert in Distillery, Brewery, Bottling, Blending, NPD & Anaerobic Process. He is having +43 years of exp. in R&D, Distillery, Liquor Bottling Industry, Alcohol based chemical and Pharma, Sugar & Animal Nutrition feed & feed additive industry.

Dr. S.K. Nigam
A Solid & Plastic Waste Mgt. Expert

Dr. Nigam is M.Sc. & Ph.D. in Environmental Sciences. Ex-Director, Central Pollution Control Board (CPCB), Advisor & Expert for Plastics & Solid Waste Management Adviser to the Department of Environment, GNCTD & DPCC Member of Bureau of Indian Standard (BIS) on Plastics related matters.

Dr. D. Chakraborty
A Ground Water Mgt. Expert

Dr. Chakraborty is M.Sc. Applied Geology, DU; M.E. in Hydrology, IIT Roorkee. Ex. Sr. Scientist, Central Ground Water Authority (CGWA), Faculty of Management Studies, DU. Possess over 33 years' experience in the field of groundwater development and management as ground water specialist.

Dr. Sameer Joshi
A Plastic Waste Mgt. Expert

Dr. Joshi is BE-Polymer, MIPI, FIV, PHD-Plastic Waste Management, Chartered Engineer, Approved Valuer, Senior Member Society of Plastic Engineers USA. Dr. Joshi is working in the field of Plastic Waste Management, Recycling, Circular economy, setting up green field projects for recycling.

Mr. P.K. Sharma
A Quality Mgt. Expert & Trainer

Mr. Sharma is B.Tech (Ind. Engg. & TQM), M.Sc. (Organic Chemistry) Assessor/Auditor/Trainer (Mgt. Systems). A Chemical Engineer, having +36 years of rich experience in EHS, Process Control, Inspection, Quality Assurance, Training, Consulting & Auditing all types of ISO standards.

Mr. Prabhu Shankar Prasad
A Safety Expert

Mr. Prabhu is B. Tech- Mech., M.Sc Chemistry, PDIS RLI Kanpur, MBA Prod. Mgt., Project Mgt. IIT Delhi. +14 years exp. In Gases & Chemicals, Automotive Industry, Steel Industry with integrated power plants & Alumina refinery; in devising solutions, implementing Health Safety Mgt. Systems for maintaining sound Env. & safety conditions.

Mr. Anshu Nagarch
(Indian Naval Veteran)
A Safety Expert

Mr. Anshu is Diploma in Airport Management & Fire Fighting, Certified Crisis & Disaster Management Expert, Diploma in Industrial Safety Management and Fire & First Aid Management

Ms. Apoorva Saxena
An Environmentalist

Ms. Apoorva is M.Sc. in Env. Science, B.Sc. Yoga, Environment & Psychology (Gold Medalist). Expert in EIA, EC, TOR Preparation, PWM Rule, QPR & EPR Compliances, Mineral Testing, Stack Emission Monitoring, Microbiological Instrumentation, Chemical Instrumentation and Lab experience on Environmental Consequences.

Ms. Rashmi Dhasmana
An Environmentalist

Ms. Rashmi is M.Sc. in Resource Management & Design Application. She served as an Assistant professor at Delhi University. Presently, as scholar (SRF) researching on role of urban local bodies in plastic waste management.

Ms. Shrinee
An Environmentalist

Ms. Shrinee is B.Sc. (Honours) in Environmental Science, French. A good learner, aiming to minimize abuse on the Environment, Humankind & Fauna.

Ms. Tabish Reshi
Civil Engineer

Ms. Tabish did B. Tech in Civil Engg., did internship under R&B Construction, expert in AutoCAD and Revit software. Tabish is from Srinagar, J&K UT. Currently she is working on different projects as Executive EHS.

- **Sustainability Reporting as per BRSR/GRI Guidelines**
- Environment Compliances
- **Industrial Effluent & Waste Management**
- Plastic Waste Management and Compliances
- E-Waste Management and Compliance
- **Ground Water Management and Compliance**
- Statutory & Legal Liaison - EHS
- **Industrial Safety Services & Audits**
- EHS Gap Assessment Audits
- **Training & Awareness - EHS**
- Skilled EHS Workforce deployment to reduce min. 30% cost
- EHSS Newsletter for regular updates and interpretation of subject.

EHSs on Sustainability Goals

- **Development of ESG/ Sustainability Strategy** – Assist in development of long-term and short-term goals, key performance indicators (KPIs) and reporting structures
- **ESG/ Sustainability Reporting** – Assist in development of sustainability report in accordance with international and national framework including Global Reporting Initiative (GRI), Business Responsibility & Sustainability Report (BRSR) etc.
- **ESG Due Diligence** – Identify and measure ESG related risk and evaluate options to address those risks including assessment of compliances to applicable environmental & social regulations, guidelines and standards
- **GHG Accounting** – Develop GHG accounting for Scope 1, 2 and 3 emissions, identify reduction potential and develop roadmap to reduce GHG emissions
- **Environment, Health & Safety (EHS)** – Identify and monitor risks related to EHS and development of EHS manuals to as per ISO 14001:2015 and 45001:2018
- **Environmental Assessment** – Conduct assessment of environmental indicators including on site assessment of ambient air & noise, stack emission, groundwater and soil quality. Identify gaps and recommend corrective actions for improvements in the identified gaps.
- **Software Solutions** – Provide software solutions to capture data related to sustainability indicators

EHSs on Environment Compliance

Turnkey Projects

- Aerobic, Anaerobic-Biogas & Sewage Treatment Plant, Reverse Osmosis, MEE, Incinerators, Waste Mgt. etc.

ZLD

- Water Audit, Scheme preparation, Identification & implement of 3R's

AMC

- Man, Material, Supervision

OCEMS

- Supply & Installation of Online Continuous Emission Monitoring System for Air & ETP

Compliances

- Air, Water, Hazardous, Plastic Waste, Solid Waste, E-Waste, Bio-Medical Waste, Others.

Audits

- **Environment Audits** as per "Law of the Land"

Analysis

- Air, Water, Effluent, Noise, Lux, Soil, etc from NABL approved Labs

ETP Lab

- Setup **ETP lab** with supply of all sophisticated instruments & trainings.

ETP Team Skill Upliftment

- For smooth ETP Operation 24x7

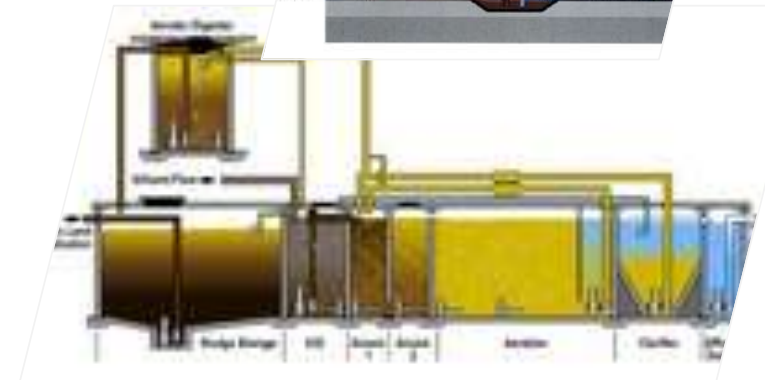

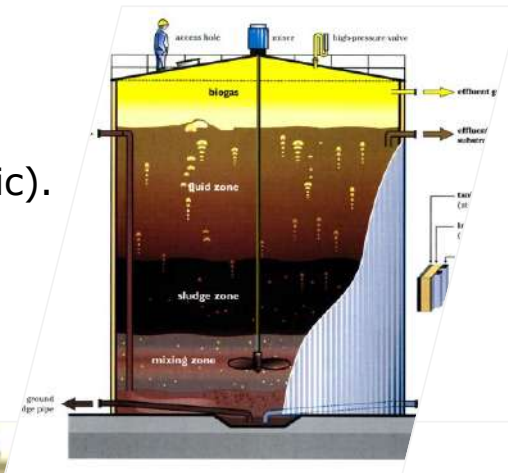

100% Environment Compliance

EHSs on Industrial/Domestic Effluent:

EHS Services is having expertise to take-up **Trunkey Green/Brown field projects including Designing, Construction, Operation, Trouble Shooting and Project Management** for different type of **Industrial Domestic and Industrial Effluents.**

- Domestic Effluent (Canteen + Human Waste) Treatment System.
- Designing, Operation, Trouble Shooting & Gap Assessment of ETP (Aerobic/Anaerobic).
- Treated Effluent' Colour removal through Imported Resin Columns.
- Zero Liquid Discharge (ZLD) System for better Effluent Management.
- Reverse Osmosis Plant to recover +90% Clear Water from effluent streams.
- Liaison with Pollution Control Boards in +20 States
- Any Other Support in/around Effluent Management.

Anaerobic & Aerobic Effluent Treatment Plants

MSW/SSO to bioCNG

We do **License & Liaison**

- MOEF&CC, CPCB, SPCB, CGWA-CGWB, State Ground Water Boards, Chief Fire Officer, State competent authority (SEIA), Legal Metrology (PCR Registration, Dealer License, Importer License), FSSAI (Central & States) etc.

We facilitate for Consents

- Air, Water, Hazardous, Plastic Waste, Solid Waste, E-Waste, Bio-Medical Waste, Others.

We support NOC's

- Fire, Ground Water, Petroleum Licence, Environment Clearance, Statements, Returns, Others.

EHSs on Plastic Waste Management & Compliances:

Plastic Waste Management Rule (PWM) 2016, 2018, 2021 including National EPR Framework under Schedule II

Facilitation

On **EPR (Extended Producer Responsibility)** to Recyclers/Co-Processors/NGO's /WMA/ Producers/Brands/Importers/Govt. Authorities.

Advising

PWM Registration at CPCB/SPCB, for Plastic **PIBO's & Waste Processors** to **EPR Targets?**

Audits

Conduct **PWM EPR Audit** for **PIBO's & Waste Processors/Others**

CPCB Guidelines/SOP 2022

Project

Plastic Recycling Plant to neutralize EPR Responsibility

PWM Compliance

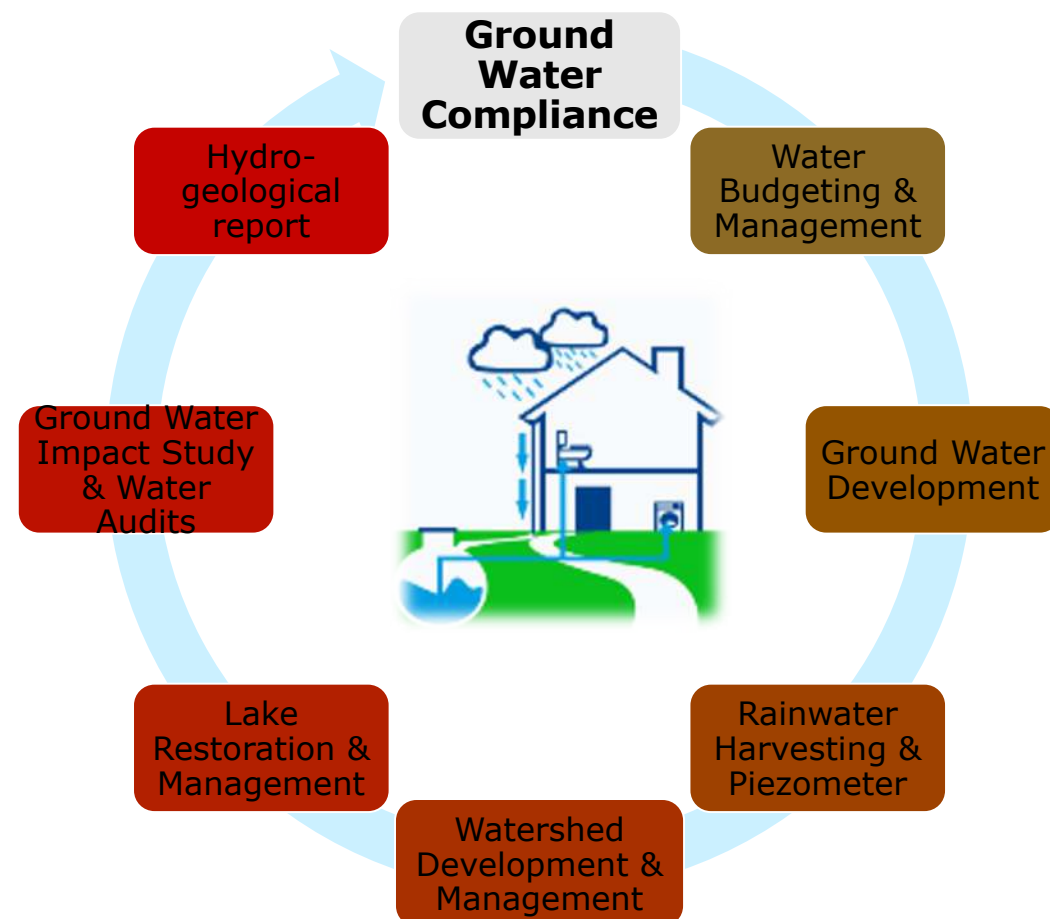

PWM EPR **Compliance Report** preparation

State PCB/PCC Guidelines

SPV on PWM

Advising to the State Bodies on, How create SPV under PPP model along with all stakeholders?

Key Services:

- GW NOC From State Ground Water Board/CGWA/CGWB
- Liaison with State/Centre
- Hydrogeology Report Preparation.
- Water Audit Facilitation.
- Impact Assessment Study
- Installation of Telemetry Piezometer
- Telemetry Digital Water Flowmeter
- RWH Pits/Pond Construction
- Any other wrt to GW Compliance

EHSs on Different EHS Audits:

EHSs expertise to facilitate audits to fulfill your business/customers' requirements viz.

- EHS Dashboard Preparation
- Get IMS Certification covering ISO 9001, 14001, 45001, Food Safety
- Environment, Health & Safety Audits
- Customer's EHS questionnaire compliances
- EHS Due Diligence/IFC audit preparation
- Energy Audit for New & Existing captive power plants

EHSs on Different EHS Training & Awareness Services:

- Class-Room/On-Job trainings on different EHS awareness programs based on hazards associated/audited, Environment & Safety Week/Day celebration, Fire & Mock Drills to strengthen Emergency preparedness, First Aid Program, etc.

EHSs on Industrial Safety Services:

- Designing & Installation of Fire Hydrant, Sprinkler, Smoke Detection System, Gas flooding system, Extinguishers etc.
- **Operation and Maintenance of installed Firefighting System.**
- Third party Inspection & Certification for Tools & Tackles, pressure vessels, Forklifts, Cranes etc.

1 Industrial Safety Legal Compliances:

- Fire NOC & Conditions
- Maintaining Legal & Risk Register (As per ISO 31000:2018)
- Factory Act 1948, TAC, NBC Fire Safety
- Petroleum and Explosives Safety Organization (PESO) Flammable Liquid & Gases Storage License
- Gas Cylinder Rules Labour Laws
- The Static and Mobile Pressure Vessels (Unfired) Rules, 1981
- Manufacture, storage, and import of hazardous chemicals (MSIHC) rules, 1989 (MSHIC)
- On/Off Site Emergency Management Plan

2 Advance Safety Trainings:

- Behavior based safety
- **Safety Induction**
- Emergency Preparedness
- Disaster management
- Safety Work Permit
- **Confined Space Entry**
- Lockout Tagout
- **Chemical Safety**
- Machine Safety
- **Electrical Safety**
- Scaffold Safety
- **Work on height**
- Pressure hazards & control
- **Pressure vessels**
- Heavy lifting & rigging
- **Defensive driving module based on Smith Principle**
- Ladder Safety
- **Material handling & Storage safety**
- HAZCOM

Industrial Safety Management Services:

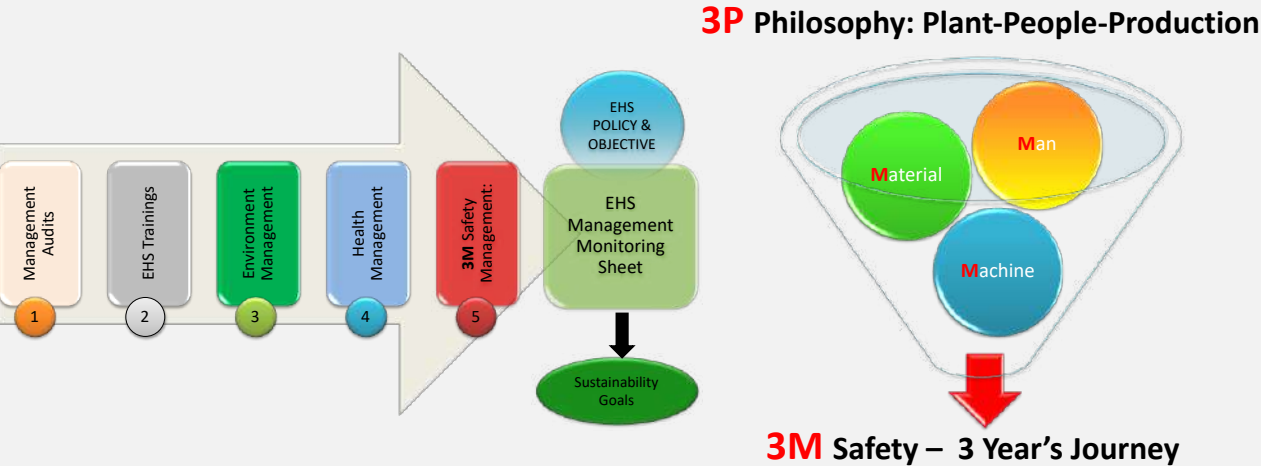

- Fire Safety Audits as per TAC/NBC/UL-FM/Others.
- **3M Safety Philosophy (Man-Material-Machine)**
- Different System Safety Hazard Analysis: HIRA, HAZOP, QRA, LOPA, SIL, ETA, FTA, RCA, FMEA, JSA, What if, Why-Why, PSSR, MOC, ORI, CRI, TOR (techniques of operation review), CSS, PSI, Poka-Yoke based on THERP, IPL, BOW TIE Analysis, Ishikawa Analysis, Delphi Technique, Scenario Analysis, Toxicity Assessment, HACCP (Hazard Analysis and Critical Control Points), ALARP, Static Charge Control, Sneak Analysis, CCA (Cause Consequences Analysis), Machine analysis, Arc Flash Analysis, Power System Study (Load Flow Analysis, Short Circuit Analysis, others).
- **Designing, Inspection & Installation of: Fire Hydrant (IS13039:1991), Sprinkler, Flooding System, Smoke Detectors, VESDA, LHS Cables, Fire Tender, SCBA & Fire Suits.**
- Thermography Study (Infra-red scanning)
- **Lightning Protection Study**
- Emergency Preparedness & Planning
- **Production Lines Safety Audit**
- Chemical Process Safety Audit
- **Process Safety Management (PSM) Audit**
- Operation Readiness Inspection (ORI)
- **Commissioning review inspection(CRI)**
- Hazardous & potential explosive substance management
- **Hazardous Area Classification Audit (Both Vapor & Dust)**
- Flammable Area Classification (Zone 0,1,2,3)
- **Dust Hazard Analysis (DHA) for Zone 20,21,22**
- Static Charge Management
- **Vapor Cloud Explosion (VCE) Study**
- Unconfined vapor cloud explosion (UVCE) Study
- **Boiling liquid evaporating vapor cloud explosion (BLEVE) Study**
- Management of Change (MOC)
- **Safety Standard Drafting & Implementation.**
- P&ID Review
- **Machine Guarding Audit & Execution**
- Road & Vehicle Safety Audit
- **Preparation of Traffic Management Plan**
- Ergonomics Study (RULA, REBA)
- **Qualitative & Quantitative Industrial Hygiene Monitoring Risk Assessment**
- Gas Safety Specialist: Cryogenics & Gas safety (Chlorine, Hydrogen, LPG, PNG, CNG, CO, NH3, BFG, Coke Oven Gas, Converter Gas, Water Gas, Silane, Specialty Gases, Bulk Gas handling & plant operational safety, Gas station design & commissioning safety measures, Oxidizer cleaning, Pickling procedures, VITT, VIST & FBT installation, Water sealed gas holders, reactors (Batch/Continuous Process), Pressure vessel testing, Pigging procedure.
- **Traffic/Transportation Management System**

EHSs on Digital & Technology Services:

EHS Services is providing different **Digital & Technology Services** in/around Environment, health & safety compliances as per the client's requirement due supported by our knowledge partners.

EHS Services is expert to design **EHS Dashboard** under **5-pillars** to monitor all **Leading** and **Lagging Indicators**.

We are expert to deploy **3M (Man-Material & Machine) & 3P (Plant-People-Production) Safety** at workplace.
